

TABLES

LIST OF TABLES

- Table 8.1 Hunger risk classification in children aged 1 – 9 years nationally and by area of residence: South Africa 1999
- Table 8.2 Hunger risk classification in children aged 1 – 9 years nationally and by age: South Africa 1999
- Table 8.3 Hunger risk classification in children aged 1 – 9 years nationally and by province: South Africa 1999
- Table 8.4 Hunger risk classification as related to anthropometric status of children aged 1 – 9 years nationally and by area of residence: South Africa 1999
- Table 8.5 Hunger risk classification as related to anthropometric status in children aged 1 – 9 years by age group: South Africa 1999
- Table 8.6 Hunger risk classification as related to anthropometric status in children aged 1 – 9 years by province: South Africa 1999
- Table 8.7 Hunger risk classification as related to the intake of energy and selected micronutrients in children aged 1 – 9 years nationally and by area of residence: South Africa 1999
- Table 8.8 Hunger risk classification as related to the intake of selected micronutrients in children aged 1 – 9 years nationally and by area of residence: South Africa 1999
- Table 8.9 Hunger risk classification as related to the intake of energy and selected micronutrients in children aged 1 – 9 years nationally and by age group: South Africa 1999
- Table 8.10 Hunger risk classification as related to the intake of selected micronutrients in children aged 1 – 9 years nationally and by age group: South Africa 1999
- Table 8.11 Hunger risk classification as related to the intake of energy and selected micronutrients in children aged 1 – 9 years nationally and by province: South Africa 1999

Table 8.12	Hunger risk classification as related to the intake of selected micronutrients in children aged 1 – 9 years nationally and by province: South Africa 1999
Table 8.13	Hunger risk classification as related to food procurement in children aged 1 – 9 years nationally and by area of residence: South Africa 1999
Table 8.14	Hunger risk classification as related to procurement in children aged 1 – 9 years by age group: South Africa 1999
Table 8.15	Hunger risk classification as related to procurement in children aged 1 – 9 years by province: South Africa 1999
Table 8.16	Hunger risk classification as related to the HH inventory in children aged 1 – 9 years nationally and by area of residence: South Africa 1999
Table 8.17	Hunger risk classification as related to the HH inventory in children aged 1 – 9 years nationally and by age: South Africa 1999
Table 8.18	Hunger risk classification as related to the HH inventory in children aged 1 – 9 years nationally and by province: South Africa 1999
Table 8.19	Hunger risk classification as related to the type of dwelling and maternal education in children aged 1 – 9 years nationally and by area of residence: South Africa 1999
Table 8.20	Hunger risk classification as related to the type of dwelling and maternal education in children aged 1 – 9 years nationally and by province: South Africa 1999
Table 8.21	Hunger risk classification as related to HH income and money spent on food in children aged 1 – 9 years nationally and by area of residence: South Africa 1999
Table 8.22	Hunger risk classification as related to HH income and money spent on food in children aged 1 – 9 years nationally and by province: South Africa 1999

-
- Table 8.23 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by area of residence: South Africa 1999 [(Question 1): Does the household ever run out of money to buy food?]
- Table 8.24 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by age group: South Africa 1999 [(Question 1): Does the household ever run out of money to buy food?]
- Table 8.25 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by province: South Africa 1999 [(Question 1): Does the household ever run out of money to buy food?]
- Table 8.26 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by area of residence: South Africa 1999 [(Question 2): Do you ever rely on limited number of food to feed the children because you are running out of money to buy food for a meal?]
- Table 8.27 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by age group: South Africa 1999 [(Question 2): Do you ever rely on limited number of food to feed the children because you are running out of money to buy food for a meal?]
- Table 8.28 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by province: South Africa 1999 [(Question 2): Do you ever rely on limited number of food to feed the children because you are running out of money to buy food for a meal?]

-
- Table 8.29 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by area of residence: South Africa 1999 [(Question 3): Do you ever cut the size of meals or skip any because there is not enough food in the house?]
- Table 8.30 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by age group: South Africa 1999 [(Question 3): Do you ever cut the size of meals or skip any because there is not enough food in the house?]
- Table 8.31 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by province: South Africa 1999 [(Question 3): Do you ever cut the size of meals or skip any because there is not enough food in the house?]
- Table 8.32 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by area of residence: South Africa 1999 [(Question 4): Do you ever eat less than you should because there is not enough money for food?]
- Table 8.33 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by age group: South Africa 1999 [(Question 4): Do you ever eat less than you should because there is not enough money for food?]
- Table 8.34 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by province: South Africa 1999 [(Question 4): Do you ever eat less than you should because there is not enough money for food?]
- Table 8.35 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by area of residence: South Africa 1999

[(Question 5): Do your children ever eat less than they should because there is not enough money for food?]

Table 8.36

The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by age group: South Africa 1999

[(Question 5): Do your children ever eat less than they should because there is not enough money for food?]

Table 8.37

The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by province: South Africa 1999

[(Question 5): Do your children ever eat less than they should because there is not enough money for food?]

Table 8.38

The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by area of residence: South Africa 1999

[(Question 6): Do your children ever say they are hungry because there is not enough food in the house?]

Table 8.39

The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by age group: South Africa 1999

[(Question 6): Do your children ever say they are hungry because there is not enough food in the house?]

Table 8.40

The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by province: South Africa 1999

[(Question 6): Do your children ever say they are hungry because there is not enough food in the house?]

Table 8.41

The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by area of residence: South Africa 1999

[(Question 7): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food?]

-
- Table 8.42 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by age: South Africa 1999 [(Question 7): Do you ever cut the size of your children’s meals or do they ever skip meals because there is not enough money to buy food?]
- Table 8.43 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by province: South Africa 1999 [(Question 7): Do you ever cut the size of your children’s meals or do they ever skip meals because there is not enough money to buy food?]
- Table 8.44 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by area of residence: South Africa 1999 [(Question 8): Do any of your children ever go to bed hungry because there is not enough money to buy food?]
- Table 8.45 The Hunger Scale Questionnaire: Percentage of affirmative responses in children aged 1 – 9 years nationally and by age group: South Africa 1999 [(Question 8): Do any of your children ever go to bed hungry because there is not enough money to buy food?]
- Table 8.46 The Hunger Scale Questionnaire: Percentage of affirmative responsepasts in children aged 1 – 9 years nationally and by province: South Africa 1999 [(Question 8): Do any of your children ever go to bed hungry because there is not enough money to buy food?]
- Table 8.47 The anthropometric status in relation to the interviewee’s response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1): Does the household ever run out of money to buy food?]
- Table 8.48 The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee’s response (Yes/No) to the Hunger Scale Questionnaire:

	South Africa 1999 [(Question 1): Does the household ever run out of money to buy food?]
Table 8.49	The number of items procured as indicated in table obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1): Does the household ever run out of money to buy food?]
Table 8.50	The number of items in inventory as indicated in table obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1): Does the household ever run out of money to buy food?]
Table 8.51	The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1a): Does the household ever run out of money to buy food (in the past 30 days)]
Table 8.52	The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1a): Does the household ever run out of money to buy food (in the past 30 days)]
Table 8.53	The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1a): Does the household ever run out of money to buy food (in the past 30 days)]
Table 8.54	The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1a): Does the household ever run out of money to buy food (in the past 30 days)]

-
- Table 8.55 The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1b): Does the household ever run out of money to buy food (5 or more days in the past 30 days)]
- Table 8.56 The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1b): Does the household ever run out of money to buy food (5 or more days in the past 30 days)]
- Table 8.57 The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1b): Does the household ever run out of money to buy food (5 or more days in the past 30 days)]
- Table 8.58 The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 1b): Does the household ever run out of money to buy food (5 or more days in the past 30 days)]
- Table 8.59 The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal?]
- Table 8.60 The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal?]

-
- Table 8.61 The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal?]
- Table 8.62 The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal?]
- Table 8.63 The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2a): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal in the past 5 days?]
- Table 8.64 The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2a): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal in the past 5 days?]
- Table 8.65 The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2a): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal in the past 5 days?]

Table 8.66	The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2a): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal in the past 5 days?]
Table 8.67	The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2b): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal 5 or more times in the past 30 days?]
Table 8.68	The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2b): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal 5 or more times in the past 30 days?]
Table 8.69	The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2b): Do you ever rely on a limited number of foods to feed your children because you are running out of money to buy food for a meal 5 or more times in the past 30 days?]
Table 8.70	The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 2b): Do you ever rely on a limited number of foods to feed your children because you are running out

of money to buy food for a meal 5 or more times in the past 30 days?]

Table 8.71 The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3): Do you ever cut the size of meals or skip any because there is not enough food in the house?]

Table 8.72 The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3): Do you ever cut the size of meals or skip any because there is not enough food in the house?]

Table 8.73 The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3): Do you ever cut the size of meals or skip any because there is not enough food in the house?]

Table 8.74 The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3): Do you ever cut the size of meals or skip any because there is not enough food in the house?]

Table 8.75 The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3): Do you ever cut the size of meals or skip any because there is not enough food in the house?]

Table 8.76 The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3): Do you ever cut the size

of meals or skip any because there is not enough food in the house?]

Table 8.77

The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3): Do you ever cut the size of meals or skip any because there is not enough food in the house?]

Table 8.78

The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3): Do you ever cut the size of meals or skip any because there is not enough food in the house?]

Table 8.79

The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3a): Do you ever cut the size of meals or skip any because there is not enough food in the house in the past 30 days?]

Table 8.80

The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3a): Do you ever cut the size of meals or skip any because there is not enough food in the house in the past 30 days?]

Table 8.81

The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3a): Do you ever cut the size of meals or skip any because there is not enough food in the house in the past 30 days?]

Table 8.82

The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the

Hunger Scale Questionnaire: South Africa 1999 [(Question 3a): Do you ever cut the size of meals or skip any because there is not enough food in the house in the past 30 days?]

Table 8.83

The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3b): Do you ever cut the size of meals or skip any because there is not enough food in the house 5 or more days in the past 30 days?]

Table 8.84

The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3b): Do you ever cut the size of meals or skip any because there is not enough food in the house 5 or more days in the past 30 days?]

Table 8.85

The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3b): Do you ever cut the size of meals or skip any because there is not enough food in the house 5 or more days in the past 30 days?]

Table 8.86

The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 3b): Do you ever cut the size of meals or skip any because there is not enough food in the house 5 or more days in the past 30 days?]

The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 6): Do your children ever say they are hungry because there is not enough food in the house?]

Table 8.113

The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 6): Do your children ever say they are hungry because there is not enough food in the house?]

Table 8.114

The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 6): Do your children ever say they are hungry because there is not enough food in the house?]

Table 8.115

The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire:

South Africa 1999 [(Question 6a): Do your children ever say they are hungry because there is not enough food in the house in the past 30 days?]

Table 8.116

The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 6a): Do your children ever say they are hungry because there is not enough food in the house in the past 30 days?]

Table 8.117

The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 6a): Do your children ever say they are hungry because there is not enough food in the house in the past 30 days?]

Table 8.118

The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 6a): Do your children ever say they are hungry because there is not enough food in the house in the past 30 days?]

Table 8.119

The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 6b): Do your children ever say they are hungry because there is not enough food in the house 5 or more days in the past 30 days?]

Table 8.120

The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 6b): Do your children ever say they are hungry because there is not enough food in the house 5 or more days in the past 30 days?]

Table 8.121	The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 6b): Do your children ever say they are hungry because there is not enough food in the house 5 or more days in the past 30 days?]
Table 8.122	The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 6b): Do your children ever say they are hungry because there is not enough food in the house 5 or more days in the past 30 days?]
Table 8.123	The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food?]
Table 8.124	The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food?]
Table 8.125	The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food?]
Table 8.126	The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in

relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food?]

Table 8.127

The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7a): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food in the past 30 days?]

Table 8.128

The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7a): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food in the past 30 days?]

Table 8.129

The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7a): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food in the past 30 days?]

Table 8.130

The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7a): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food in the past 30 days?]

Table 8.131

The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire:

South Africa 1999 [(Question 7b): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food 5 or more days in the past 30 days?]

Table 8.132

The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7b): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food 5 or more days in the past 30 days?]

Table 8.133

The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7b): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food 5 or more days in the past 30 days?]

Table 8.134

The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 7b): Do you ever cut the size of your children's meals or do they ever skip meals because there is not enough money to buy food 5 or more days in the past 30 days?]

Table 8.135

The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8): Do any of your children ever go to bed hungry because there is not enough money to buy food?]

Table 8.136

The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire:

South Africa 1999 [(Question 8): Do any of your children ever go to bed hungry because there is not enough money to buy food?]

Table 8.137

The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8): Do any of your children ever go to bed hungry because there is not enough money to buy food?]

Table 8.138

The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8): Do any of your children ever go to bed hungry because there is not enough money to buy food?]

Table 8.139

The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8a): Do any of your children ever go to bed hungry because there is not enough money to buy food in the past 30 days?]

Table 8.140

The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8a): Do any of your children ever go to bed hungry because there is not enough money to buy food in the past 30 days?]

Table 8.141

The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8a): Do any of your children ever go to bed hungry because there is not enough money to buy food in the past 30 days?]

Table 8.142

The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in

relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8a): Do any of your children ever go to bed hungry because there is not enough money to buy food in the past 30 days?]

Table 8.143

The anthropometric status in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8b): Do any of your children ever go to bed hungry because there is not enough money to buy food 5 or more days in the past 30 days?]

Table 8.144

The dietary intake of selected nutrients as obtained by the 24-H-R Questionnaire in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8b): Do any of your children ever go to bed hungry because there is not enough money to buy food 5 or more days in the past 30 days?]

Table 8.145

The number of items procured and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8b): Do any of your children ever go to bed hungry because there is not enough money to buy food 5 or more days in the past 30 days?]

Table 8.146

The number of items in the HH inventory and items indicated in the table as obtained from the FPHIQ in relation to the interviewee's response (Yes/No) to the Hunger Scale Questionnaire: South Africa 1999 [(Question 8b): Do any of your children ever go to bed hungry because there is not enough money to buy food 5 or more days in the past 30 days?]
