

Undergraduate Student Research Projects in the FMHS 2010-2022

Degree	Year	Title of project
BSc. Dietetics	2022	Mothers' habitual smartphone use during infant milk feeding
BSc. Dietetics	2022	Perceptions and self-reported use of food and nutrition labelling amongst young adults at a tertiary institution in South Africa
BSc. Dietetics	2022	Food and non-alcoholic beverage marketing and sponsorship within and around secondary schools in the Cape Town Metro North and South districts, Western Cape province, South Africa
BSc. Dietetics	2022	Metabolic syndrome prevalence in chronic kidney disease
B. Nursing & Midwifery	2022	BNurMid student's perspective of person-centred caring practice in clinical placement for learning facilities in Western Cape, South Africa
B. Nursing & Midwifery	2022	The levels of social support received by nursing students during the Covid-19 pandemic at one university in the Western Cape
B. Nursing & Midwifery	2022	Coping Strategies Amongst Nursing Students at One University in Cape Town During the Covid-19 Pandemic
B. Nursing & Midwifery	2022	Undergraduate nursing students' psychological distress and COVID-19 related anxiety during the COVID-19 pandemic at one university in Cape Town
B. Nursing & Midwifery	2022	Exploring the understanding of the concept of patient centeredness among 1st and 4th year nursing students, at Stellenbosch University: a descriptive exploratory study
B. Nursing & Midwifery	2022	Clinical facilitators' perception of elements of person-centredness in clinical learning encounters with BNurMid students at Stellenbosch University
B. Nursing & Midwifery	2022	First year Bachelor of Nursing and Midwifery students understanding of the concept of "wellness" at Stellenbosch University
B. Nursing & Midwifery	2022	Measuring the level of resilience of undergraduate nursing students during the COVID-19 pandemic at a university in Cape Town
B. Occupational Therapy	2022	Global utilization of low- to mid-tech Assistive Technology Devices by individuals experiencing limitations in their occupational performance: a scoping review
B. Occupational Therapy	2022	The perceived value of occupation based practice for learners with special needs
B. Occupational Therapy	2022	Therapeutic approaches for the prevention of upper limb repetitive strain injuries in computer users: A scoping review
B. Occupational Therapy	2022	The value of an online MenTut program for Occupational Therapy students in the Western Cape
B. Occupational Therapy	2022	The immediate effect of Progressive Muscle Relaxation on the pain and mental well-being of garment workers with musculoskeletal pain
B. Occupational Therapy	2022	Facilitators and barriers of telerehabilitation at the Bishop Lavis Rehabilitation Centre: a stakeholder perspective
B. Occupational Therapy	2022	Exploring the use of Standardised Tests and Non-standardised Testing Methods used by Occupational Therapists working with Children in a South African Context
B. Occupational Therapy	2022	The lived experience of changing life roles of women widowed by COVID-19 within the Breede Valley District: a phenomenological exploration

B. Occupational Therapy	2022	The effectiveness of interventions for managing identity in persons with disability: A systematic review
B. Speech-Language & Hearing Therapy	2022	Communication practices between nursing personnel and Speech-Language Therapists in feeding and/or swallowing difficulties
B. Speech-Language & Hearing Therapy	2022	Dysphagia care training for nursing personnel: A scoping review
B. Speech-Language & Hearing Therapy	2022	A scoping review of dysphagia assessment procedures and/or protocols for 2–6-year-old children with paediatric traumatic brain injury in the acute care setting
B. Speech-Language & Hearing Therapy	2022	The perspectives of caregivers of children who stutter: A scoping review
B. Speech-Language & Hearing Therapy	2022	The perceptions of parents of preschool children about their role in Parent-Child Interaction Therapy: A scoping review
B. Speech-Language & Hearing Therapy	2022	A description of recent research literature in Early Communication Intervention (ECI) in South Africa, with a particular focus on research topics and recommendations: A scoping review
B. Speech-Language & Hearing Therapy	2022	The effect of face protection on speech perception in the educational setting: A scoping review
B. Speech-Language & Hearing Therapy	2022	The use of LITMUS Cross-Linguistic Lexical Tasks (CLT) on typically developing children: A scoping review
MB,ChB	2022	Injury pattern, management and outcomes of gunshot-related fractures to the hand and wrist at a tertiary level trauma center
MB,ChB	2022	A retrospective review of time to thrombolysis in ischemic stroke patients at Tygerberg Hospital
MB,ChB	2022	Non-traumatic emergency neurosurgical burden in a public neurosurgical purpose
MB,ChB	2022	Does self-reporting of perception of severity of concussion relate to the severity of symptomatology on SCAT5 evaluation in collegiate rugby players?
MB,ChB	2022	Cervical cancer primary prevention knowledge and practices among women visiting Tygerberg Hospital, Cape Town, South Africa
BSc. Physiotherapy	2022	Effect of early multimodal physiotherapy in community acquired pneumonia: a case study in HIV and literature review
BSc. Physiotherapy	2022	Respiratory physiotherapy management of thoracoabdominal trauma: a case study and literature review
BSc. Physiotherapy	2022	The effect of hip muscle strengthening on functional independence in a bilateral above knee amputation: a case report and literature review
BSc. Physiotherapy	2022	Effect of multimodal physiotherapy on lower limb function post fragility fracture: a case study and literature review
BSc. Physiotherapy	2022	Effects of a task-oriented training in the management of upper limb function in a patient with cerebrovascular accident, in a low resource community
BSc. Physiotherapy	2022	Functional response of a patient with hemiplegia to trunk rehabilitation: a case study and literature review
BSc. Physiotherapy	2022	From polytrauma “emergency” admission to improved participation in hospital following a PVA: a case study and literature review
BSc. Physiotherapy	2022	Effectiveness of quadriceps muscle strengthening on active terminal knee extension deficit following femoral fracture: a case study and literature review

BSc. Physiotherapy	2022	Effects of motor relearning on sitting balance and function in traumatic brain injury: A case study and literature review
BSc. Physiotherapy	2022	The effect of gait retraining and strengthening exercises on the timed-up-and-go test following a below-knee-amputation. A case study and literature review
BSc. Physiotherapy	2022	Training bilateral integration of the upper limb in children with hemiplegic cerebral palsy: a case study and literature review
BSc. Physiotherapy	2022	Early trunk rehabilitation in a patient following an acute stroke: a case study and literature review
BSc. Dietetics	2021	The knowledge and perceptions of community members on the potential benefits of a communal vegetable garden in Bishop Lavis
BSc. Dietetics	2021	The perceptions of stakeholders on the potential benefits of a communal vegetable garden in Bishop Lavis
BSc. Dietetics	2021	The use of social media as a source of nutrition information and the perceived accuracy thereof by students at Stellenbosch University
BSc. Dietetics	2021	A situation analysis of the food offering to students at the Faculty of Medicine and Health Sciences, Stellenbosch University, Western Cape, South Africa
BSc. Dietetics	2021	Assessing the needs of undergraduate students regarding the food offering at the Faculty of Medicine and Health Sciences, Stellenbosch University, Western Cape, South Africa
B. Occupational Therapy	2021	Exploring the experiences of the 2020 B. Occupational Therapy III students at Stellenbosch University in coping with online clinical blocks during the coronavirus (COVID -19) pandemic lockdown period
B. Occupational Therapy	2021	Occupational therapy inpatient rehabilitation interventions and the functional outcomes for COVID-19 patients
B. Occupational Therapy	2021	The landscape of hand therapy research conducted in the South African context: a scoping review
B. Occupational Therapy	2021	Classroom strategies for learners with Foetal Alcohol Spectrum Disorder (FASD) in special-needs schools within the Western Cape
B. Occupational Therapy	2021	Describing the development of decentralized clinical training in Occupational Therapy students at the Rural Clinical School in Worcester, Western Cape, South Africa
B. Occupational Therapy	2021	The constructive learning elements of online clinical rotations that fostered practical learning
B. Occupational Therapy	2021	Leisure participation and well-being of South African occupational therapy students during the COVID-19 lockdown: A qualitative study
B. Occupational Therapy	2021	"Taxis just pass me because they see I'm in a wheelchair." Barriers experienced by persons with disabilities in accessing public healthcare rehabilitation services in Gauteng
B. Occupational Therapy	2021	Reflections on practicing in Gauteng's public healthcare rehabilitation services
B. Speech-Language & Hearing Therapy	2021	Training needs of nursing personnel in dysphagia care in the South African context
B. Speech-Language & Hearing Therapy	2021	Investigating the validity of an Afrikaans adapted version of the MacArthur-Bates CDI
B. Speech-Language & Hearing Therapy	2021	Current Auditory Processing Disorder assessment and management practices: a survey of South African speech-language therapists working with school aged children
B. Speech-Language & Hearing Therapy	2021	Adaptation of the Multilingual Assessment Instrument for Narratives in Tshivenda

B. Speech-Language & Hearing Therapy	2021	The perceptions of speech- language therapists, teachers and parents/caregivers regarding the factors affecting the use of PODD books within the healthcare and education sectors: a scoping review
B. Speech-Language & Hearing Therapy	2021	Assessment of vocabulary after story-based interventions in developing countries: a scoping review
B. Speech-Language & Hearing Therapy	2021	Determining the training needs of nursing personnel in dysphagia care in South African context
B. Speech-Language & Hearing Therapy	2021	Understanding the importance of being effective despite having few resources: SLT(s) and Interpreter(s)' unique relationship: a scoping review
MB,ChB	2021	Benign bladder lesions that mimic cervical cancer
MB,ChB	2021	The prevalence, characteristics, associated co-morbidities and medical management of patients with atrial fibrillation in a tertiary setting in the Western Cape
MB,ChB	2021	Tygerberg Outreach Cohort Study
MB,ChB	2021	Congenital syphilis: a consequence of poor antenatal care amidst a pandemic?
MB,ChB	2021	Boomslang (Dispholidus typus) envenomation in a patient on warfarin therapy
MB,ChB	2021	Geriatric trauma in a high volume trauma centre in Cape Town: How do we compare?
MB,ChB	2021	Tygerberg Rheumatology Clinic Gout Research Project
MB,ChB	2021	Describing complications of curative surgery for Renal Cell Carcinoma in a tertiary South African hospital
MB,ChB	2021	Attitudes and willingness of medical students to volunteer on the frontline of the COVID-19 pandemic
BSc. Physiotherapy	2021	The effectiveness of aerobic exercise compared to behaviour therapy on the quality of life, pain and mental well-being in adults with fibromyalgia
BSc. Physiotherapy	2021	The effectiveness of combined thermotherapy and TENS versus sham treatment in the reduction of pain and improvement in quality of life in women with primary dysmenorrhea
BSc. Physiotherapy	2021	The effectiveness of self-management programmes on the promotion of physical activity after spinal cord injury
BSc. Physiotherapy	2021	The effectiveness of tele-rehabilitation, compared to usual physiotherapy care, for improving quality of life in people with stroke
BSc. Physiotherapy	2021	The effects of whole-body vibration training in combination with strength training compared to strength training alone on pain and function in individuals with knee osteoarthritis
BSc. Physiotherapy	2021	The effectiveness of combined electrical stimulation and stroke rehabilitation, versus usual stroke rehabilitation, to improve upper limb function in adults with stroke in low- to middle-income countries
BSc. Physiotherapy	2021	The effect of kinesio taping versus no treatment or sham taping on balance and proprioception in adults with chronic ankle instability
BSc. Physiotherapy	2021	The effectiveness of combined respiratory muscle training and cardiac rehabilitation, versus cardiac rehabilitation alone, on functional exercise capacity in adults participating in a cardiac rehabilitation program
BSc. Physiotherapy	2021	The effectiveness of telehealth compared to usual care on physical activity in adults with cardiovascular disease in low-to-middle income countries

BSc. Physiotherapy	2021	The effectiveness of lower limb strength training with whole body vibration training compared to lower limb strength training alone in adults with chronic obstructive pulmonary disease
BSc. Dietetics	2020	Are consumers bombarded with unhealthy beverage choices at checkout counters in the Western Cape, South Africa?
BSc. Dietetics	2020	Shelf positioning: Snack food items at retail checkouts in Cape Town, South Africa
BSc. Dietetics	2020	Marketing techniques aimed at children for snack foods and beverages displayed at checkout counters of retail stores in Cape Town, South Africa
BSc. Dietetics	2020	Display and marketing of snack items and the types of non-food items present at checkout aisles in Cape Town, South Africa
BSc. Dietetics	2020	What variety of perceived healthy snack foods are available at checkout counters in Cape Town, South Africa?
BSc. Dietetics	2020	Snack foods displayed at retail checkout counters in Cape Town, South Africa – Are consumers being bombarded with unhealthy options?
B. Occupational Therapy	2020	Public service user's perspectives of upper limb conditions on every-day lives
B. Occupational Therapy	2020	The exploration of reading culture of grade four learners with reading difficulties in a school environment as perceived by teachers in a rural community in the Western Cape
B. Occupational Therapy	2020	Anticipated therapeutic dimensions of therapeutic gardening from the perspectives of adult service users at BLRC
B. Occupational Therapy	2020	Perspectives of ECD practitioners on the value of play
B. Occupational Therapy	2020	Creating a digital narrative: The experience of unemployed youth
B. Occupational Therapy	2020	Systematic review on the effectiveness of occupational therapy intervention in South Africa
B. Occupational Therapy	2020	The immediate effect of African drumming on mental well-being of second year occupational therapists
B. Occupational Therapy	2020	Retrospective document review of outcomes for individual clients who received BOT III treatment
B. Occupational Therapy	2020	Educational and therapeutic value of therapeutic gardening as perceived by rehabilitation professionals at BLRC
B. Speech-Language & Hearing Therapy	2020	Assessment tools available to assess the home literacy environment of children between the ages of 0-7 years old: A scoping review
B. Speech-Language & Hearing Therapy	2020	Exploring the validity of an adapted version of the MacArthur-Bates Communicative Development Inventories for toddlers acquiring South African English as their first language
B. Speech-Language & Hearing Therapy	2020	The assessment tools available for the diagnosis of paediatric behavioural feeding disorders within hospitals and rehabilitative settings
B. Speech-Language & Hearing Therapy	2020	The scope of practice of Speech-Language Therapists and Nursing personnel in dysphagia care, according to the SLT
B. Speech-Language & Hearing Therapy	2020	Dysphagia - What do nurses think?
B. Speech-Language & Hearing Therapy	2020	The perceptions of early interventionists regarding cross-cultural, aural rehabilitation for young children with hearing impairments

B. Speech-Language & Hearing Therapy	2020	Self-disclosure in adults who stutter: A scoping review
B. Speech-Language & Hearing Therapy	2020	Perspectives of adults and adolescents who stutter about the attributes of their clinicians: A scoping review
MB,ChB	2020	South African undergraduate health science students' knowledge, attitudes, practices and preferences regarding vaccination
MB,ChB	2020	Obesity and Metabolic surgery Initiative Tygerberg Hospital (OMIT) – Baseline Nutritional Status (Description of the baseline nutritional status of patients)
MB,ChB	2020	Development of active tuberculosis in patients treated with Biologic DMARDs: a case series
MB,ChB	2020	The 12-month period prevalence and phenotype of HIV in patients with acute coronary syndrome at a tertiary hospital in Cape Town, South Africa: a retrospective cross-sectional study
MB,ChB	2020	Midgut neuroendocrine tumour presenting as orbital metastases
MB,ChB	2020	Health and System needs of a COPC pilot project
MB,ChB	2020	Horizontal HIV transmission to children of HIV-uninfected mothers: a case series and review of the global literature
MB,ChB	2020	Guidance we can trust? The status and quality of prehospital clinical guidance in Sub-Saharan Africa: A scoping review
MB,ChB	2020	The experience of inter-generational interactions and their influence on the mental health of elderly retirement home resident
MB,ChB	2020	Neglected acral melanoma: A prospective, quantitative, practical study amongst final year medical students
MB,ChB	2020	MRI for paediatric retroperitoneal masses: diagnostic accuracy of the claw sign
MB,ChB	2020	A new over-the-wire percutaneous mitral balloon valvuloplasty technique
MB,ChB	2020	A quality audit of cold chain management for the transport of temperature sensitive pharmaceuticals between state healthcare facilities in the Cape Winelands
MB,ChB	2020	Efavirenz-tenofovir-emtricitabine concentrations in obesity: A cross-sectional study
MB,ChB	2020	The use of web-based programmes in the teaching of anatomy: lecturer use and engagement
MB,ChB	2020	Knowledge, perceptions, and compliance regarding hand hygiene of undergraduate medical students during their clinical years in a South African Referral Hospital
BSc. Physiotherapy	2020	The effectiveness of Kinesio tape® compared to corticosteroid injection on pain, range of motion and function among adults with sub-acromial impingement syndrome: A systematic review
BSc. Physiotherapy	2020	Comparing the effectiveness of Motor Control Training versus TENS on pain, function and Transverse Abdominis activation in adults with lumbar disc herniation: A systematic review and meta-analysis
BSc. Physiotherapy	2020	The effectiveness of Mulligan compared to Maitland mobilisation techniques on pain and range of motion in adults with adhesive capsulitis: A systematic review
BSc. Physiotherapy	2020	The effectiveness of exercise versus no intervention to counteract the effect of microgravity on muscle strength in astronauts: A systematic review and meta-analysis

BSc. Physiotherapy	2020	The efficacy of pre-exercise photobiomodulation therapy compared to a placebo for reducing exercise-induced muscle damage of the lower limb in male athletes: A systematic review and meta-analysis
BSc. Physiotherapy	2020	The effectiveness of health literacy interventions compared to standard care in adults with cardiovascular disease living in low-to-middle income countries: A systematic review and meta-analysis
BSc. Physiotherapy	2020	The effectiveness of Ischaemic Compression compared to other manual therapies in adults with upper trapezius myofascial trigger points to improve neck range of motion and decrease neck pain: A systematic review
BSc. Physiotherapy	2020	The effectiveness of aerobic and/or progressive resistance exercise compared to usual care on quality of life, anxiety and depression in adults post stroke: A systematic review
BSc. Physiotherapy	2020	Effect of motor control exercises compared to general exercises in individuals with chronic non-specific low back pain for pain, function and quality of life: A systematic review
BSc. Dietetics	2019	Taxation of sugar-sweetened beverages in South Africa: Perspectives of dietitians
BSc. Dietetics	2019	Taxation of sugar-sweetened beverages in South Africa: Perspectives of key role-players
BSc. Dietetics	2019	Taxation of sugar-sweetened beverages in South Africa: Perspectives of consumers
BSc. Dietetics	2019	The nurturing care profile of ECD centres in the Tygerberg sub-district
BSc. Dietetics	2019	The anthropometric profile of children in ECD centres in the Tygerberg sub-district
BSc. Dietetics	2019	An assessment of factors influencing food service provision in ECD centres in the Tygerberg sub-district
BSc. Dietetics	2019	A systematic review of the efficacy and safety of Beta-hydroxy-beta-methylbutyrate (HMB) in the treatment of acute and chronic disease
B. Occupational Therapy	2019	Factors perceived to contribute to the establishment and success of start-up businesses by young adults in Kayamandi
B. Occupational Therapy	2019	The usefulness of the Allen Cognitive Levels Screen in predicting the level of supervision required for work trial placement at a special education institution in the Western Cape
B. Occupational Therapy	2019	Primary to secondary school transition of learners with traumatic brain injuries in the Cape Metropolitan area: A learner perspective.
B. Occupational Therapy	2019	The challenges wheelchair users in Cape Town experience when making use of minibus taxis and the influence it has on their participation in the occupational domains
B. Occupational Therapy	2019	Reasons for non-attendance in outpatients who do not attend follow-up occupational therapy and physiotherapy appointments at the Western Cape Rehabilitation Centre
B. Occupational Therapy	2019	The extent to which registered early childhood development centres in Bishop Lavis contribute to the developmental needs of 3-5-year-olds in the community: An occupational perspective
B. Occupational Therapy	2019	Describing the playfulness of children between the ages of (4-6 years) who live in a rural community in the Western Cape, where prenatal alcohol exposure is prevalent
B. Occupational Therapy	2019	Exploring the coping strategies of third year Occupational Therapy students at Stellenbosch University during their first clinical block
B. Occupational Therapy	2019	Exploration of the reading culture within the home environments of grade 4 Afrikaans home language learners experiencing reading difficulty
B. Speech-Language & Hearing Therapy	2019	The perceptions of persons with Aphasia with regards to their experiences of group therapy: A scoping review

B. Speech-Language & Hearing Therapy	2019	Auditory training programmes for children with hearing loss: A scoping review
B. Speech-Language & Hearing Therapy	2019	Early Communication Intervention service delivery models in low- and middle-income countries and low-resource settings: A scoping review
B. Speech-Language & Hearing Therapy	2019	A scoping review of speech and swallowing assessments included in the management of adults with generalized myasthenia gravis
B. Speech-Language & Hearing Therapy	2019	A scoping review on dysphagia training for informal caregivers of CVA survivors.
B. Speech-Language & Hearing Therapy	2019	Assessment of children's stuttering in an unfamiliar language: A scoping review
B. Speech-Language & Hearing Therapy	2019	The use of apps for phonological awareness development
MB,ChB	2019	The knowledge, attitudes and practices of healthcare workers at Tygerberg Hospital regarding recommended vaccinations
MB,ChB	2019	Guidelines needed to improve clinical and laboratory diagnosis, treatment and care of TB-exposed infants in South Africa
MB,ChB	2019	Retrospective analysis: Childhood cancers misdiagnosed as Tuberculosis in a high tuberculosis prevalence setting
MB,ChB	2019	The cost of orthopaedic gunshot injuries at Tygerberg Hospital
MB,ChB	2019	Are sperm parameters affected by lunar phases?
MB,ChB	2019	The scourge of community assault and its costly consequences: Can outcomes and need for interventions be predicted based on initial presentation?
MB,ChB	2019	HIV and orthopaedics: A retrospective review study on the musculoskeletal manifestations of HIV in the paediatric population at Tygerberg Hospital over the last 5 years
MB,ChB	2019	Why mothers (continue to) drink during pregnancy – a descriptive phenomenological investigation in a deeply rural area
MB,ChB	2019	Exploring the use of digit ratio as an endophenotype in a schizophrenia population
MB,ChB	2019	Clozapine monitoring in a Western Cape psychiatric population - a retrospective cohort study
MB,ChB	2019	Renal Leiomyoma: A case report and literature review
MB,ChB	2019	Incident tuberculosis disease in patients exposed to biologic therapies in the Western Cape, South Africa
MB,ChB	2019	The health need of Nomzamo based on household data: A descriptive study
MB,ChB	2019	Retrospective audit of non-diagnostic ultrasound guided Thyroid FNA compared with a historical cohort at Tygerberg Academic Hospital
MB,ChB	2019	Evaluating the health needs of Mamre: a retrospective review
MB,ChB	2019	Describing the management and risk of seizure recurrence in children diagnosed with neurocysticercosis in a tertiary hospital in South Africa

MB,ChB	2019	Are HIV positive men being evaluated for hypogonadism?
BSc. Physiotherapy	2019	The effectiveness of whole-body vibration with rehabilitation compared to rehabilitation alone on muscle strength, function and postural control of the knee after an ACL reconstruction in adults
BSc. Physiotherapy	2019	The effectiveness of diaphragmatic stretching in people with chronic respiratory disease compared to sham treatment to improve pulmonary function, exercise capacity and quality of life
BSc. Physiotherapy	2019	The effectiveness of lower limb strength training with whole body vibration training, compared to lower limb strength training alone, on lower limb muscle strength, functional exercise capacity, pulmonary function and quality of life in adults with chronic obstructive pulmonary disease
BSc. Physiotherapy	2019	The efficacy of physiotherapy interventions compared to education to improve shoulder function, quality of life and lymphedema, in women post-breast cancer surgery
BSc. Physiotherapy	2019	The effectiveness of abdominal and/or pelvic floor exercises to improve diastasis recti abdominis, low back pain and pelvic floor dysfunction in postpartum women
BSc. Physiotherapy	2019	The efficacy of self-myofascial release compared to stretching on hamstring flexibility in adults
BSc. Physiotherapy	2019	The effectiveness of therapeutic massage compared to other/no interventions on CD4+ count, quality of life and depression in people diagnosed with HIV/AIDS
BSc. Physiotherapy	2019	The effectiveness of weight-bearing or progressive resistance exercises compared to standard medical care alone in improving bone mineral density, balance and quality of life in post- menopausal women with osteoporosis or osteopenia
BSc. Dietetics	2018	Determining adequacy of nutrition support in a tertiary hospital
BSc. Dietetics	2018	Nutritional status assessment of dialysis patients in Tygerberg and Groote Schuur hospital
BSc. Dietetics	2018	Regulations relating to the reduction of sodium in certain foodstuffs and related matters: Perspectives from consumers in the Tygerberg health district, Western Cape, South Africa
BSc. Dietetics	2018	The nutrition and nurture profile of early childhood development (ECD) centres in the Breede Valley, Western Cape province
BSc. Dietetics	2018	The nurturing care profile of ECD centres in the Breede Valley
BSc. Dietetics	2018	The anthropometric profile of children in ECD centres in the Breede Valley
BSc. Dietetics	2018	An assessment of factors influencing food service provision in ECD centres in the Breede Valley
B. Occupational Therapy	2018	How do informal caregivers of family members who have survived a CVA, in the Cape Metropole, perceive their occupational balance
B. Occupational Therapy	2018	The retention of work for clients, two to three years post-lumbar spine surgery and completing a return to work programme
B. Occupational Therapy	2018	The impact of achieving independence in driving on the identity of people with disabilities
B. Occupational Therapy	2018	The value of sport occupations in the overcoming of substance dependence among adults in the Paarl area
B. Occupational Therapy	2018	Factors associated with non-attendance of scheduled occupational and physiotherapy outpatient follow-up appointments at the Western Cape Town Rehabilitation Centre (WCRC)

B. Occupational Therapy	2018	The meaningful activity interests of older care home residents in low socioeconomic facilities of Cape Town: Implications for the Neuropsychiatric Institute Interest Checklist
B. Occupational Therapy	2018	Understanding community mobility in older adults within the Cape Town metropole using an occupational lens
B. Occupational Therapy	2018	Mobility transition in older adult populations in Worcester using an occupational lens
B. Occupational Therapy	2018	Play as form of social participation: A case study of at-risk mother's view of the importance of play
B. Speech-Language & Hearing Therapy	2018	The perceptions of mothers of preterm infants regarding their babies' early communication development: a scoping review
B. Speech-Language & Hearing Therapy	2018	South African speech-language therapists' assessment and intervention practices with multilingual children
B. Speech-Language & Hearing Therapy	2018	Teachers knowledge, attitudes and perceptions of having hearing impaired learners in mainstream schools: A scoping review
B. Speech-Language & Hearing Therapy	2018	Music as an intervention tool for the treatment of communication disorders: a scoping review
B. Speech-Language & Hearing Therapy	2018	Validity and reliability of the Stuttering Severity Instrument-3: A scoping review
B. Speech-Language & Hearing Therapy	2018	The knowledge of auxillary nurses regarding the terminology used and recommendations made by speech-language therapists in-patient neurology rehabilitation centre
B. Speech-Language & Hearing Therapy	2018	Parents' recall of their 19-36-month-old child's use of words and sentences using a South African English adaptation of the Communication Development Inventories (CDI): a pilot study
MB,ChB	2018	Comparison of four methods of endotracheal tube pasage in simulated airways: There is room for improving techniques
MB,ChB	2018	Describing the neurological phenotype of HIV associated neurocognitive impairment in the South African context
MB,ChB	2018	Skin cancer in a South African tertiary care dermatology clinic: A retrospective study
MB,ChB	2018	Medical students' and intern's perceptions of mistreatment by seniors at Tygerberg Hospital
MB,ChB	2018	A retrospective descriptive study analysing the Impact of the folic acid food fortification program in South Africa on the population presenting to Tygerberg Hospital
MB,ChB	2018	Assessment of comorbidities in postmenopausal breast cancer patients in relation to variations of the MTHFR gene and homocysteine levels
MB,ChB	2018	Cardiac magnetic resonance imaging vs trans-oesophageal echocardiography to detect left atrial thrombi before percutaneous balloon mitral valvotomy for mitral stenosis- A pilot study
MB,ChB	2018	The role of therapeutic drug monitoring of antiretrovirals in paediatric patients
MB,ChB	2018	Case study: Prenatal screening, management options and ethical considerations in a twin pregnancy discordant for Down Syndrome.
MB,ChB	2018	Hereditary hemorrhagic telangiectasia: the diagnosis, management and follow up in a low resource setting
MB,ChB	2018	The burden and profile of acute spinal orthopedic trauma at a major tertiary hospital in the western cape, South Africa

MB,ChB	2018	Determination of the factors influencing the acquisition and timing of stroke in childhood tuberculous meningitis
MB,ChB	2018	The prevalence and sensitivity profile of positive bacterial and fungal cultures during pancreaticoduodenectomy at Tygerberg Academic Hospital
BSc. Physiotherapy	2018	The effectiveness of physiotherapy versus standard medical care on pain, functional disability, kinesiphobia and pain catastrophisation in adult patients with non-specific acute low back pain
BSc. Physiotherapy	2018	The effectiveness of Schroth exercises in adolescents with idiopathic scoliosis in decreasing the Cobb angle compared to non-surgical management
BSc. Physiotherapy	2018	The efficacy of shoulder girdle strengthening and stretching exercises combined with scapular stabilization exercises, compared to strengthening and stretching exercises to improve pain, muscle strength, function and quality of life in patients with Subacromial Impingement Syndrome
BSc. Physiotherapy	2018	Effect of virtual reality therapy, combined with physiotherapy for improving motor proficiency, compared to standard physiotherapy alone in individuals with Down Syndrome
BSc. Physiotherapy	2018	The effect of pre-exercise low-level laser therapy compared to placebo on exercise induced muscle damage of the knee extensors in 18-35-year-old males
BSc. Physiotherapy	2018	The effect of ischemic compression versus electrotherapy on cervical active range of motion and pain in patients with myofascial trigger points in the trapezius muscle
BSc. Physiotherapy	2018	The effectiveness of prehabilitation and preoperative education on postoperative pain, length of hospital stay and function following total hip replacement compared to preoperative education only
BSc. Dietetics	2017	The anthropometric profile and incidence of obesity amongst secondary school children in Western Cape
BSc. Dietetics	2017	Physical activity behaviour of adolescents in secondary school in the Cape Metropole, South Africa
BSc. Dietetics	2017	Assessing the food availability (formal and informal sectors) of adolescents in secondary schools
BSc. Dietetics	2017	Investigating dietary intake and nutrition behaviour of adolescents in the school environment
BSc. Dietetics	2017	Assessment of the school and community environment with regards to physical activity and nutrition in secondary schools in the Cape Metropole district, Western Cape
BSc. Dietetics	2017	Obesogenic behaviour of adolescent learners in high schools in the Cape Metropole
B. Occupational Therapy	2017	The nature of occupational therapy interventions used at a secondary hospital during self-care rehabilitation in stroke patients
B. Occupational Therapy	2017	An investigation of evidence-based fall prevention strategies as implemented in old age homes in the Breede Valley municipality
B. Occupational Therapy	2017	Occupational therapy competencies for management of workers with carpal tunnel syndrome in the clothing industry, Cape Metropole
B. Occupational Therapy	2017	The construct validity of the Bishop Lavis Interest Checklist for use with adults with disabilities or impairments receiving occupational therapy at the Bishop Lavis Rehabilitation Centre
B. Occupational Therapy	2017	Determining the use of therapeutic apparatus in occupational therapy clinical practice within South Africa
B. Occupational Therapy	2017	Measuring the effect of fatigue on driving performance in emergency workers in the Cape Metropole: a driving simulator study

B. Occupational Therapy	2017	Establish driving stimulator baseline norms for emergency worker drivers
B. Occupational Therapy	2017	Investigation into the sport interests regarding participation and spectatorship of adults in Bishop Lavis community
