Dempers Meyer Mentoring Programme		Luckhoff High School	Dempers Meyer Mentoring Programme aims to facilitate a holistic relationship building exercise between twenty students (five from Wilgenhof, Dagbreek, Minerva and Heemstede, respectively) and ten male and ten female learners from Luckhoff High School. These learners will be mentored both individually and in a group. The individual mentoring will be done by means of a logging system, where the mentors take responsibility for individually meeting up with their mentees and building a trust relationship with their individual mentees. The group mentoring will consist of information sessions and group discussions on matters of further study and future prospects, but also of identity and heritage. Informal contact sessions will also be held with the aim of easing the relationship-building process. As MGD project Wilgenhof and Heemstede are running a academic program for the grade 11 learners. We are teaching them Math, Physical science and Biology. This can change depending on their need.	Education for all	Idas Valley	Heinrich Portwig	19097131@sun.ac.za
Nerina, Metanoia, Heemstede, Pieke PSO, Venustia PSO	Rubix Cluster	Hanna Charity and Empowerment Foundation	The project focuses on providing personal attention and direct benefits to children, youth, the elderly and their families so that they may live with dignity, achieve their desired potential and participate fully in society. The Hanna Charity supports communities with all the basic service such as playgrounds, soup kitchen, skills development, job creation, clothing banks and libraries to just name a few. The charity aims to empower those in poverty to work towards a better future. As a cluster, we aim to support the organization by running 4 once-off projects/drives, one each term.	Education for all	Cloetesville	Georgina Baker	20100248@sun.ac.za
Nerina, Majuba		Hanna Charity and Empowerment Foundation, Cloetesville	The project is aimed at the growth of the children we are in contact with on various different levels. This includes physical, social, intellectual and emotional. We have seen over the past two years that simply consistency in going each week brings this about irrespective of the experience that people have in intentionally trying to achieve our	Education for all	Cloetesville	Georgina Barker, Neil de Kock	20100248@sun.ac.za
Huis Marais,		Youth Outreach Centre	The primary goals are to teach life skills. The enhancement of the children's cognitive function with physical activity (Sports). Enhance academic performance with tutoring. The secondary goals are: (i) to show the children that there are people who care about them and to improve their self-worth; (ii) to enhance the child's concentration, memory and behaviour through physical activity; (iii) To identify children with exceptional sport talent and (iv) to collect stationery and school supplies.	Education for all	Cloetesville	Ryan Lang	19066171@sun.ac.za
Lydia, Eendrag		Rietenbosch Primary School	Primary goal: To provide an intellectually stimulating, creative after-school activity, as well as a fun sports program, for the grade 1 learners at Rietenbosch Primary school on a Friday Afternoon in order to encourage development on intellectual, creative, emotional and physical levels. We aim to teach the learners appropriate life and educational skills as well as to develop their fine and gross motor skills. We hope to leave a good impression on the school and the community. The secondary goal is to create an attitude of life-long service amongst the students in Lydia and Eendrag, as well as provide an opportunity for yje students to develop their leadership skills by giving them some responsibility for the project.	Education for all	Cloetesville	Tristan Lewis, Danika du Toit	20060238@sun.ac.za

Residence/PSO/Society	Cluster/Society	Community Partner	Description of Project	Theme	Location	Contact Name	Contact Email
Dagbreek, Erica		The Ark Christian School	The idea of this project is to create a support structure for the learners from the Ark Christian School that might empower them to seek further education or to find a suitable career, and on a more personal level to facilitate personal growth and to bridge gaps between communities separated by race, class, age and level of education. academic, sports, cultural and social development for grade 1-3; Ana Test preparation; tutoring maths and literacy	Education for all	Faure	Gerhard Krause, Aubrey Muller, Fikile Tijane	lackark@gmail.com
Pieke PSO, Nemesia		Franco (Franschhoek)	Volunteering in various projects in Franschhoek. Helping Franco in training and educating the community and being able to identify the problems the community faces. They want to assist people from all walks of life.	Education for all	Franschhoek	Chrismeri Saayman	19790716@sun.ac.za
Silene, Oude Molen, Monica, Wilgenhof, Harmonie	Victoria Cluster	Kayamandi Primary	The primary goal of the Kayamandi Primary School Development Programme at Kayamandi Primary School is to improve the reading, comprehension and spelling skills of the learners who participate in the programme. It has been identified by the Kayamandi Primary School's personnel that learners need additional assistance with comprehension and spelling skills as well as maths.	Education for all	Kayamandi	Anthony Van Oosten	19925093@sun.ac.za
Goldfields, Lydia		NJRD Arts Building (Kayamandi)	assistance to matriculants in Kayamandi Tutoring Maths, Physical Science, Geography, Life Science (mainly)	Education for all	Kayamandi	Boipelo Ndwandwe	20827229@sun.ac.za
Goldfields		Legacy Centre	The aims of the project include further developing school children in preparation for their respective exams and understanding that there is more to education than just academics. There is also a leadership development programme that Kuyasa provides and we will be partaking in that project.	Education for all	Kayamandi	Boipelo Ndwandwe	20827229@sun.ac.za
UNASA (Kayamandi - Legacy)		Kayamandi Legacy Centre	This project aims to provide after-school learning support to learners in Kayamandi in the form of literacy tutoring sessions. It also aims to improve the English language skills of learners by further improving their reading and subsequent comprehension skills.	Education for all	Kayamandi	Jess Scott	19035454@sun.ac.za
UNASA (Swimming)		Kayamandi Primary	The primary goal of the swimming project is to reduce the risk of drowning faced by the youth of Kayamandi by teaching those children most at risk about water safety and how to swim. The sessions will incorporate life skills, in order to make a more sustainable contribution. After a successful year in 2015, the students from Stellenbosch University decided to make the swimming project an all year project with a two-year rotation plan using the same students from 2015 in 2016 in order to perfect their swimming skills and introduce them Water Polo.	Education for all	Kayamandi	Jess Scott	19035454@sun.ac.za
UNASA (Kayamandi Reading)		Kayamandi Legacy Centre	Help improve learners reading ability	Education for all	Kayamandi	Jess Scott	19035454@sun.ac.za
Monica		Kayamandi Secondary School	Work with the top 5 grade 11 scholars at the end of 2016 (i.e. the grade 12 scholars of 2017). Link each student to a volunteer mentor from Monica Dameskoshuis to provide emotional support through grade 12. Answer any of their questions regarding university and life after high school. Help students apply to university for bursaries and register for NBT's. Pay for application fees to Stellenbosch University and one other university. Build strong, long lasting relations between Monica Dameskoshuis and Kayamandi Secondary School.	Education for all	Kayamandi	Tenielle Jonkers	20061242@sun.ac.za
Huis Visser		Kayamandi High School	mentoring and tutoring of learners with learning disabilities	Education for all	Kayamandi	Thamu Mnyulwa	1921129@sun.ac.za

Residence/PSO/Society	Cluster/Society	Community Partner	Description of Project	Theme	Location	Contact Name	Contact Email
Lydia, Simonsberg		St Vincents Primary School	Primary goal: To run a physical education program to improve all the learners' sports skills, this will be for both boy and girl learners. The physical education class will enable all the learners to be encouraged to lead a healthy lifestyle of sport and physical activity. We would also like to improve their sports teams so that they can compete against other schools. The secondary goal is to encourage students from Simonsberg and Lydia to make a difference in their community and to show them how easy it can be to make a difference in the lives of others. This program will hopefully create an attitude of life-long civic duty. Another aim is to develop members of the community's leadership skills by letting the committee take some responsibility for the program.	Education for all	Koelenhof	Gerrie Smit	19870620@gmail.com
Simonsberg, Minerva, Huis Visser		St Vincents Primary School	Social Development to strengthen the already existing contact to the school. They want to implement new actions to expand the community involvement. There are weekly visits to the school to build relationships with the kids through sports and academics.	Education for all	Koelenhof	Gerrie Smit, Suzaan Hobson, Thamu Mnyulwa	19870620@sun.ac.za ; 20018886@sun.ac.za
BMF		Hector Peterson High School (Kraaifontain)	Hector Peterson Secondary School is situated in Kraaifontein and serves learners from under-developed and underprivileged surrounding communities. The BMF Student Chapter Stellenbosch branch had a chance to interact with the Secondary School learners and have identified a vast gap between the standards of our higher education and that of the school. In accordance with our value of contributing towards community upliftment, it is imperative that this gap is bridged. Tutoring Grade 8-10 Maths (plus additional courses if there are enough volunteers); helping grade 9 learners choosing their subjects; educational excursions, organizing a Career Fair Day, formation of the School Debating Society, HIV/Pregnancy Awareness Day, Eye Testing Program	Education for all	Kraaifontein	Bongani Ntombela	zithazakes6@gmail.com
Pieke PSO		Sustainability Institute	Support in soccer program from Lynedoch United Soccer Club. To be positive role models from the players by supporting matches and help with purchasing soccer gear for the team.	Education for all	Lynedoch	Gareth Williams	20041969@sun.ac.za
Huis Kerkenberg		Isidima	Education: Providing financial, emotional and educational support, training educational staff, assisting with classroom resources and facilities, daily meals etc. Vulnerable women and children: the aim is to restore dignity through assisting families by meeting their social and health needs. Nutrition: the aim is to partner with local schools, clinics and feeding sites to provide nutrition and growth opportunities.	Education for all	Milnerton	Chrismeri Saayman	19790716@sun.ac.za
Huis Kerkenberg (Paarl)		ElsCare	Tutor maths, english and afrikaans	Education for all	Parow	Chrismeri Saayman	19790716@sun.ac.za
Hippokrates	Tygerberg Outreach Society	Northway Primary School	Assist with mathematics teaching at the school, by not being a teacher but rather a tutor and mentor to the learners we will work with. Involvement of mathematics curriculum, to aid the learners with areas they might be struggling in. Building relationships with the learners, to ensure good communication and work ethic at sessions. Basing life skills on each session to bring a fun yet educational aspect to the session.	Education for all	Parow	Rooi Cello	19950365@sun.ac.za
Tygerberg Outreach Society	Tygerberg Outreach Society	Webner Street Primary	Fun interactive leadership programs for Grade 6 learners	Education for all	Parow	Taryn Simeon	tarynsoccrit@sun.ac.za
Aristea PSO, Vesta PSO		ACVV (Aftercare)	Help the learners at the ACVV aftercare (Grade 1 to 3), throughout the year, with educational support (i.e. homework, Languages, reading and mathematics)	Education for all	Stellenbosch	Carla Jonck	20439954@sun.ac.za

Residence/PSO/Society	Cluster/Society	Community Partner	Description of Project	Theme	Location	Contact Name	Contact Email
Olympus PSO	AmaMaties Cluster	AF Louw Primary school (Stellenbosch)	Promote well-being of primary school learners (provide them with lunch, do educational activities and art lessons with them) Recycling Project (litter pick-up) Beach clean up Women of Stellenbosch (providing whistles and pepper spray as well as self-defence lessons)	Education for all	Stellenbosch	Megan Turley	19287526@sun.ac.za
UNASA (Vlottenburg)		Vlottenburg	Teach the learners to read properly. Help the learners to gain the necessary confidence and to believe in themselves. Teach them to understand what they are reading. Help them to pronounce words properly and how to use these words. Help them to form constructive relationships. Set an example that the children can aspire to. Teach them that they will be able to accomplish anything if they try and set their mind to it. Further the children's future education by setting at least a firm platform for reading, from which they can work from. Give to the children someone or an extra someone that is invested in their education and is there to motivate them.	Education for all	Vlottenburg	Jess Scott	19035454@sun.ac.za
Huis Ten Bosch	AmaMaties Cluster	Sisterhood Box project	The aim of this project is to help the less fortunate ladies in res. This includes using the funds to provide things such as bedding, clothes, toiletries, lady essentials and any other necessity that is needed for these ladies. This was created because there are a lot of ladies that only come to res with one plastic bag and it is our responsibility to first provide for our own before we reach out to the rest of the world. We also have donations going where ladies leaving res can donate anything from books, clothes, blankets, kettles etc. This usually takes place during the June and November exams when people move out.	Employment & inclusive economic development	Stellenbosch	Stefanie Kotze	20149778@sun.ac.za
Huis Visser		Huis Visser Men's Residence	The aim of the project is to support as many financially needy students in the Huis Visser residence as possibly by helping them to purchase items such as stationery, blankets, washing powder, toothpaste and other basic necessities to be able to successfully complete their studies.	Employment & inclusive economic development	Stellenbosch	Thamu Mnyulwa	19200129@sun.ac.za
Libertas		Stellenbosch Animal Welfare Center	Raising money throughout the year and donating a lump sum towards the Stellenbosch Animal Welfare Center for them to use in their sterilizing project (goal: sterilizing at least 70% of pets in Kayamandi). For that matter, events and fund raisers will be held.	Environment & sustainability	Devon Valley	Pieter Fourie	17737079@sun.ac.za
Huis Francie van Zijl	Tygerberg Outreach Society	Kalkfontein Primary (Kalkfontein)	To create an environment where the learners are able to learn and appreciate basic life and leadership skills. To empower each child to realize their individual worth and to understand the role that they could play in the upliftment of the community. To create awareness around important current affairs and global issues and the roles that the learners could play in these issues such as Green/Sustainability awareness, Diversity etc. To enhance and nurture the mathematical skills of the learners in a fun and interactive way. To provide positive role models and create a sense of trust amongst the learners for open communication.	Environment & sustainability	Kalkfontein	Mankobetsi Mokoka	
Metanoia		Khayamandi Legacy Centre	Painting walls in and around Khayamandi to inspire the kids and create a place where they enjoy working.	Environment & sustainability	Kayamandi	Callum Deeble, Alexander Brand	20693621@sun.ac.za

Residence/PSO/Society	Cluster/Society	Community Partner	Description of Project	Theme	Location	Contact Name	Contact Email
UNASA (Sustainability)		Wildlands	We provide students and members of the community the opportunity to interact with the surrounding area and to help lessen their carbon footprint by being eco-friendlier through tree planting, beach cleanups and recycling projects etc. The planting of trees improves the schools' and the communities' appearance and also adds to a greater and more sustainable society. The beach cleanups will help lessen the amount of waste entering our oceans and rivers which is detrimental to sea animals and contributes to pollution.	Environment & sustainability	Stellenbosch	Jess Scott	19035454@sun.ac.za
MSA		Dorothea Special School	The aim of this project is to provide a source of food for the school, and in the future- the general community. We want to use the garden and the development of the garden as a base of any projects and drives that are developed later, as well as a base from which we can grow closer to our community partner. The garden also offers many lessons to the students, besides a soothing natural beauty to the students and staff- promoting a healthy environment.	Food security & health	Cloetesville	Aaliya Davids	davids.aaliyah@gmail.com
Hippokrates		Clinic at Imazamayetu	set up of a pop-up clinic in the community of Imazamayetu; basic screening, advice and education on health	Food security & health	Hout Bay	Wilna Coetzee, Rooi Sello	19950365@sun.ac.za
Meerhof	Tygerberg Outreach Society	MGD Primary Health Care Clinics	Promote health to patients at the clinics	Food security & health	Kalkfontein	Taryn Simeon	tarynsoccrit@sun.ac.za
Metanoia, Venustia	Victoria Cluster	Various organisations	The need for a sandwich drive such as this arose from the presence of children who are supposed to be in school, out on the streets looking for handouts. We chose Kayamandi Primary as we feel this where an initiative such as this will be much appreciated, given the socio-economic setting the school finds itself in.	Food security & health	Kayamandi	Callum Deeble, Alexander Brand	20693621@sun.ac.za
Aristea PSO, Sonop, Vesta PSO, Irene, Helshoogte	Wimbledon Cluster - KK Project	Klapmats Primary School	Two groups: Group one will be having a sandwich drive for children at Klapmats Primary School to secure their food security. Group 2 will have an activities day with the children (sandwiches will be handed out during lunch time). Students will help run activities as well as take part in the activities.	Food security & health	Klapmats	Emile de Beer, Carla Jonck	19985177@sun.ac.za , 20439954@sun.ac.za
Meerhoff		Child headed homes (via social workers, sponsors & teachers)	Assisting child headed homes in any regard they require. The goal of the project is to give children their hope back and improve their quality of life.	Food security & health	Milnerton	Mankobetsi Mokoka	
Metanoia, Venustia PSO		Various organisations	The need for a sandwich drive such as this arose from the presence of children who are supposed to be in school, out on the streets looking for handouts.	Food security & health	Stellenbosch	Callum Deeble, Alexander Brand	200693621@sun.ac.za
Aurora PSO		Various organisations	The project aims to assist in accumulating goods and necessities for the various institutes and facilities that we are planning on reaching out to; to provide part-time relief for them. The awareness project aims at tackling social issues that are not often spoken about and also looks at the effects of some of these issues on students. It will use dialogue to combat these issues.	Resources & infrastructure	Stellenbosch	Damion Boer	19472560@sun.ac.za
Helshoogte, Sonop, Eendrag, Aristea PSO, Vesta PSO, Cluster Convener	Wimbeldon Cluster	Residence Staff Members	The aim of the project is to set out a day where we are able to interact with our staff members and their families and start forming a bond which can be continued. We would like to make it a weekly project where we will be able to tutor these children with school work they seem to be struggling with and ensure that they get help where needed without extra costs.	Social & gender justice	Stellenbosch	Akhona Xotyeni	20088957@sun.ac.za
Dagbreek, Minerva, Lydia, Majuba, Huis Ten Bosch, Aurora	VicMeyr Cluster	Dagbreek Men's Residence	Movie night under the stars once or twice a year. Entrance fee is an "item of choice". All the items collected will be redistributed to the community according to need. This movie night is supposed to create social awareness.	Social & gender justice	Stellenbosch	Aubrey Muller	19097131@sun.ac.za

Residence/PSO/Society	Cluster/Society	Community Partner	Description of Project	Theme	Location	Contact Name	Contact Email
Osler (Made with Love)	Tygerberg Outreach Society	Tygerberg children's Hospital	To let the students of Tygerberg Campus create an item that can be used and cherished in the development of the children at the hospital, as well as provide them with an artistic and creative outlet which they can build upon. To show gratitude to the hardworking staff of the hospital, and to interact with them to provide a deeper insight into the challenges that these individuals face daily.	Social & gender justice	Tygerberg	Hanna Abrahams-Crocker	19768176@sun.ac.za
